VERSACHIMNEY

Cad designed to meet your individual needs. The Versachimney is a lightweight solution to a traditional chimney.

The Versachimney is designed using your own drawings to ensure the best fit possible. From your drawing Euroform's design team use AutoCad to create your bespoke chimney from the size and specification you have requested.

Using only the best materials, Versachimney is made from real brick, galvanised steel sheets and high performance board that is moisture and rot resistant and is Class 'O' or A1 Non-Combustible. An additional breather membrane is used to ensure no water can penetrate the chimney.

PLEASE NOTE THAT THIS IS PATENT NO. 0404174.2

Euroform Products Ltd
Solutions for the building industry

When we say COMPLETE we mean COMPLETE...

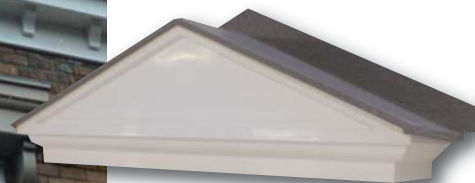

Maintenance free, fully weatherproof, easy to fix GRP range of complete dormers, canopies, columns, gallows, finials and brackets.
